TUESDAY FEBRUARY 9, 1904

ADVICES from Bedford this morning were to the effect, that an arrest might be made most any day. It is said that the detectives have reached a conclusion and are only waiting to get the evidence in better shape.

THE grand jury is in session which means a good many trips of citizens to Brownstown on invitation. There are always a few people in most every community who for some reason do not rest easy while the grand jury is at work.

THE Baltimore fire which began Sunday and was not under control until near noon Monday, was one of the most destructive in the World's history. The property loss is estimated at \$200,000,000. Fortunately the loss of life was small, only one death being reported so far. 50,000 people are thrown out of work. The sympathy of the people throughout the country goes out to the stricken city.

### Political Gossip.

Warren G. Sayre, of Wehach, is on the verge of announcing as a republican candidate for governor. He was a member of the legislature in 1903 and was a recognized leader. Some years ago he was speaker of the house. He has a host of friends over the state.

Hon. Marshall Hacker, of Columbus, has made announcement of his candidacy for judge of the Bartholomew and Decatur circuit. Mr. Hacker is a splendid lawyer and a high-grade man.

Henry Price, it is said, will take no chances on W. W. Isaacs holding over until after the election in 1906, but will get into the race for county treasurer at this time.

H. W. Wacker, Jr., of Brownstown, was here last night. He is putting in full time among the democratic brethren and seems to be confident that he will be the next auditor of Jackson county.

L. E. Slack, of Johnson county, wants to be joint senator just as badly as A. N. Menden or Carl Wood and he is counting on the solid delegate vote of Johnson and Brown counties which is sufficient to nominate.

### Baptist Meetings.

Dr. Landis was greeted last night by a good audience who listened with marked attention to an earnest heart-to-heart talk in which the evangelist outlined his proposed work during the meetings. It was not to get "joiners." "We can vote people into the church but not into the Kingdom of God, and then we can vote them out again." At times he was very tender, the sympathetic tear was in his eye and his voice quivered with emotion. It was a splendid opening meeting.

An equally good and profitable meeting was held this afternoon. Tonight the general public is invited, particularly people with no church connections. Meetings at 7:30 each night this week.

### Mrs. Graessle's Funeral

The funeral of Mrs. Andrew Graessle will be Wednesday forenoon. Service from the residence at 10 o'clock and from the German M. E. church at 10:30 conducted by Rev. Severinghaus.

Ed Deal, merchant at Kurtz, was in town today.

## HOOSIER CRUDE OIL CO.

Holdings in the Kansas Oil Field Look Good.

Since the return of W. P. Masters from the Kansas oil field and his observations and investigations made known to the stockholders of the Hoosier Crude Oil Company the members of that company seem more optimistic than ever that they hold a good property.

This company, which is composed of Seymour men, owns two leases in the Coffeyville, Kansas, district. One is known as the Lignite lease and the other the Montgomery lease, situated close together. The company began developing these leases several weeks ago and owing to bad weather and some other discouragements, the work seemed to move rather slowly.

But now they have two oil wells on the Lignite lease and are putting down the third. The second of these wells put down is said to be the best oil producing well in the district.

On the Montgomery lease one well has been completed and proved to be a strong gas well. Another well is being put down on this lease now.

Mr. Masters says that Coffeyville is booming and that a great deal of money is being invested there and if the oil and gas hold out indefinitely all will be well.

### DIED.

BROCKER.—Mildred Josephine Brocker, daughter of Mr. and Mrs. W. I. Brocker, of Cortland, died Monday afternoon, of measles, aged about nineteen months. Funeral and burial Wednesday.

## UNCLE SAM'S GUNS

They Will be Within Fair Range of the Far Eastern Row.

### AS A MERE ON-LOOKER

Fighting Bob Evans and His Fleet Will be Sent to Keep an Eye on the Fight.

American Interests in War-Stricken District Will be Given Protection.

Tokio, Feb. 9.—The Jiji Shimpo has received a telegram from Fusan, Korea, declaring that the firing of heavy guns has been heard to the east of Koje Island (about twenty-five miles southwest of Fusan).

Washington, Feb. 9.—Tentative orders have been prepared sending the cruiser squadron of the Asiatic fleet northward from Subig bay to the vicinity of Port Arthur to observe the Japanese-Russian naval operations and to be at hand to protect American interests wherever they may be menaced in the war-stricken district. The orders will be submitted to the president for final revision but will not be sent unless they are agreeable to Russia and Japan, which will be sounded in advance on this side.

### A SERIOUS CONTINGENCY

France May Have Difficulty in Keeping Out of Row.

Paris, Feb. 9.—There is no question but that interest here centers much more in the attitude and obligations of France than in the actual happenings in the far East. All the newspapers today without distinction of party, are striving to reassure the public on the possibility of France being drawn into the conflict.

M. Delcasse's reply to a deputy who asked whether the Russian alliance would not oblige France to intervene in case Great Britain or some other

MUSEUM, TEMPLE OF JAPAN.

power aided Japan was certainly no written engagement to compel the intervention of France. Premier Combes was questioned by several deputies and gave assurance that the government was determined, whatever might arise, not to do anything which could alienate France's liberty without the chamber of deputies and the whole parliament being called upon not merely to pronounce on the attitude to be taken, but without being informed of every detail of the events which had occurred or might occur.

The ministry of marine positively denies the report that preparations are being made for the sending of 6,000 French troops to the far East.

The various political groups have decided not to take any course likely to embarrass the government during the present crisis. The Nationalist members of the chamber of deputies met and passed a formal resolution to this effect, which was communicated to the press.

Subsequently M. Presson in his capacity of reporter of the foreign affairs and budget committees, had a long conference with M. Delcasse, who made him the following statements: That a state of war did not yet exist and that it possibly would not exist in the future in the event of Japan's confining herself to limited action in southern Korea, this was a reason to make a fresh effort to bring about a peaceful solution and that he had acted in accordance with the interests of France and Russia in the direction of conciliation, and that Russia had offered Japan concessions.

Interest centers here in the attitude of Great Britain, and it is the general opinion apparently that the war will be confined to Russia and Japan.

### Germany's Attitude.

Berlin, Feb. 9.—The Cologne Gazette defines Germany's policy in East Asia in an article which is evidently inspired, as follows: "We must direct our attention to seeing that further complications do not arise from this quarrel, and that the regions in China adjacent to the theater of war are not drawn into the outbreak. We can best subserve this purpose by a policy which will leave no doubt of our full and neutral neutrality."

### An Early Riser.

A strong, healthy, active constituent depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Peter's Drug Co. and A. J. Pellens.

### China Ready for Flight.

Tien Tsin, Feb. 9.—A Russian force is reported at Kaigan, 119 miles northwest of Peking and near the Great Wall.

CEAR NICHOLAS II.

Preparations are being made for the flight of the Chinese court and the removal of the imperial treasure, as it is feared that Russia will descend upon Peking.

### Japs Landing in Korea.

Che Foo, Feb. 9.—Japanese transports are landing troops at various ports in Korea. Seoul is to be occupied and the landing is being covered by the torpedo division. The main body of the Japanese fleet will sail in the direction of Port Arthur.

### Official Confirmation.

Washington, Feb. 9.—Secretary Moody has received a cablegram from Lieutenant Commander Marsh, the American naval attaché at Tokio, announcing the departure of a naval division from Japanese waters for Che-mulpo, Korea.

### Russia Will Fight.

Nagasaki, Feb. 9.—It is assured that the Russian fleet will fight. The Russians long ago decided upon war, and their delay was due to lack of preparation and uncertainty whether certain powers would intervene or not.

### Russian Vessels Captured.

London, Feb. 9.—The rumor that some Russian merchant ships have been captured by Japanese warships has reached the Japanese legation here. The report lacks confirmation.

### TERSE TELEGRAMS.

Athole Charles Liddell, (Earl Ravensworth), is dead at London. He was born in 1833.

President Harper, of the University of Chicago, is suffering with an attack of appendicitis.

Eben S. Hydenburgh was sentenced to life imprisonment, at Eldora, Ia., for the murder of his third wife.

Increasing tension is noticeable between the Porto and Bulgaria in connection with the Macedonian reform plans.

The territory burned by the Chicago fire of Oct. 8, 1871 amounted to 2,100 acres, involving a loss of over \$10,000,000.

Admiral Skrydloff, commander of the Russian Black sea fleet, will be given command of the naval forces in the far East.

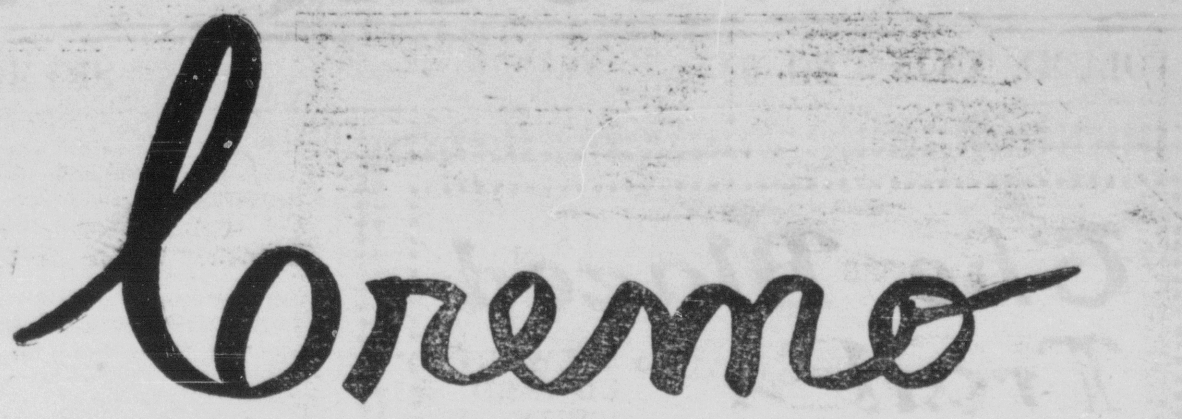

Russia is moving forces towards the Yalu River. The Japanese residents have nearly all withdrawn from Manchuria and Wiju.

The Morale's government has raised the blockade of the ports of Puerto Plata and San Domingo declared against the United States on Feb. 1.

Secretary of State Hay has returned to Washington from Thomasville, Ga., where he has been recuperating for the past two weeks. He seems almost entirely recovered from his severe indisposition.

**Chamberlain's Stomach and Liver Tablets.** Unequaled for Constipation.

Mr. A. R. Kase, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by C. W. Milhous.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

### THE NECESSARY MAGAZINE IN THE PRESIDENTIAL YEAR.

The Review of Reviews is often called a necessity, in recognition of its usefulness in keeping readers "up with the times."

In Presidential election years, the REVIEW OF REVIEWS is more than ever "the necessary magazine." Everybody wants to be truly and quickly informed about this or that public question that has forged to the front; to know about the new candidates and personal factors in politics, to have a complete picture at hand of the current movement of history.

In Dr. Shaw's editorials, in its authentic and timely contributions, in its brilliant character sketches, in its observations and reviews of all the important articles of the day's opinion, and in its hundred a month of valuable portraits, witty cartoons, and interesting views, the REVIEW OF REVIEWS gives the much desired news of the world's and our own progress. "A World under a Field-glass" is the way one subscriber describes it. "More in public life, like President Theodore Roosevelt, the members of Congress, and the great captains of industry, who must keep 'up with the times,' intelligent men and women all over America, have decided it is 'indispensable.'"

**FOUND FOR DEFENDANT.**

Jackson County Case Tried at Columbus Monday.

Irene Worley vs. Panhandle railway for damages for being put off train and walking from Crothersville to her home, Sunday January 4, 1903, was on trial Monday. Miss Worley is a young lady, aged 25 years. She had bought a round trip ticket from Austin to Seymour and after visiting Seymour friends went to the depot to go home and took the 8:35 a. m. train which does not stop at Austin, instead of the 10 o'clock train which makes all local stops. The train crew compelled her to leave the train at Crothersville, which she did after persistently demanding that she be taken to her home and left off at destination of her ticket.

After being put off at Crothersville, instead of waiting for the local train following, she walked from Crothersville to Austin, a distance of four miles.

S. A. Barnes of Seymour, represented plaintiff and M. Z. Stannard of Jeffersonville, solicitor of Pennsylvania lines, represented the railway company. This case was venued here from Jackson county. The case went to jury shortly before 4 p. m. and after being out while returned a verdict for defendant.—Columbus Times.

**Obituary.**

Elder David M. Brown, of Medora, Ind., was the youngest son of Silas and Sarah Brown; was born at Mt. Vernon, Knox county, Ohio, May 9th, 1827. His father died when he was 15 years of age and he removed with his mother, brother and sisters, to De Kalb Co. Ind., near the present city of Auburn. He afterward removed to Jackson county. He joined the church in 1846 under the preaching of Elder Downey. He united with the Christian church in 1852 under the labors of Brother Blankenship at what was known as the Brown meeting house. He began preaching the same year. He was a valiant soldier for Jesus. He was earnest and untiring in his labor for the Master and took thousands of people into the church. He also married a great number of couples. He was known far and near and kept working for the Master until his strength failed and his life work was ended.

It can be truly said of him, "He hath done what he could. He hath borne the burden in the heat of the day." He married Mary Carr near Medora Oct. 3, 1852. To them were born six daughters and one son who died in infancy. Uncle Brown as he was familiarly called, was a kind affectionate husband, an indulgent father, a kind and obliging neighbor.

Having lived a consistent christian life, although afflicted, his last days were the brightest and best of all his life. In conversation with his wife shortly before his death he said, "I have nothing to regret in my past life. I have always tried to do all the good I could, I feel no sorrow but in leaving you."

One source of great happiness to him was the visit of his six daughters and his adopted son whom he loved as tenderly as his own child—Margaret Hedges Martinsville, Ill., Saran Rink, of Medora, Ind., Mary Killion, Plainville, Ind., Emeretta Tuell, Vallonia, Ind., Rachel Williams, Sherman, Wyoming, Cora Roche, who resided with her parents and the adopted son, Mathes Hornaday, Monterey, Mexico. After a useful life of 52 years in the ministry, he departed this life Feb. 6, 1904, aged 76 years, 8 months, 27 days.

"Blessed are the dead who die in the Lord."

"Dear wife and children dry your tears, I will arise when Christ appears."

**A GUIDE TO THE ST. LOUIS EXPOSITION**

It's pickles all right. It's interesting and instructive always. Twenty-five Cents on news stands. Thirty-five Cents by mail. (Uncle Sam gets the difference.)

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such unrivaled curative properties as fully warrant its makers in publishing the remarkable offer above made in the utmost good faith.

**\$3,000 FORFEIT**

will also be paid in lawful money of the United States, by the officers of the World's Dispensary Medical Association, if they cannot show the original signature of each individual volunteering the testimonials below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness and the superiority of these medicines.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, PROPRIETORS, BUFFALO, N. Y.

Mrs. Maggie McFarland, of Taswell, Ind., writes: "Two years ago my health began to fail and I was hardly able to walk around. I broke down, then trouble of a special nature set in and I suffered severely from falling of womb. Had heart trouble (I could not sit up) was confined to bed all the time. After I had been in bed two weeks undertook to get up but found I could not. My husband called the doctor, but his medicine only made me weaker and worse. I was having a chill every day, and it seemed as though I would die. We called another doctor who said he could cure me in three weeks, and when he found he could not do so he said I had 'hysterics' and urged me to use a supporter, which only made me worse. I was almost crazy and prayed to die and got out of my suffering. Was so poor I was only a skeleton, when one day I chanced to pick up a little Memorandum Book and reading of Dr. Pierce's medicines resolved to write him concerning my case. He wrote me a kind letter. I purchased his medicine and began taking it, soon began to feel better, the weak quivering in my bowels stopped and the pain in my side became less. Continued the treatment until I had taken about six bottles of Dr. Pierce's Favorite Prescription and one box of Dr. Pierce's Suppositories. I am now doing the work for a family of eight. Can walk to the store and carry my baby three miles. Can sleep well, and life is worth living. I cannot praise Dr. Pierce's medicines too highly. Hope others also will take Dr. Pierce's medicines and be cured, and that this statement may be the means of many suffering ones applying to you for relief.

"I know of a man in my vicinity whose neighbors and friends thought he would die, but Dr. Pierce's Golden Medical Discovery cured him. Know also of others who have been benefited by the use of your medicines."

Mrs. Mamie Patterson, of 42 Hedden Place, Elizabeth, N. J., says: "About one year ago I wrote to Dr. Pierce and he advised me what to do. It is hard for me to say just what my trouble was. Was nervous; had sick headaches, backache in small of back, had no appetite, pain in my left side. I was a complete wreck. I had tried many doctors and did not get well, so had given up the thought of ever getting better. I have taken eight bottles of 'Favorite Prescription,' and to-day feel like a new woman. Have advised several of my friends to use Dr. Pierce's medicines and they have done so and received much benefit. I am thankful to you for your advice, and also for what your wonderful medicines have done for me. May the blessing of God ever rest upon you. I gladly send you this testimonial."

## A SINGULAR FAD

South Bend People Carried Away by the Craze for Appendicitis.

### SCORES OF OPERATIONS

Happily, There Have Thus Far Been Very Few Fatalities Attendant on the Carving.

Various Matters of Interest to Hured Hoosier Readers Set Out Here.

South Bend, Feb. 9.—Appendicitis is becoming a fad in this city of 50,000 population. Whenever a person becomes conscious of a pain in the abdominal regions he imagines himself seized with the popular malady and many physicians diagnose accordingly. Scores of operations have been performed here within the last twelve months that never found their way into the public prints, and one physician is said to be the proud owner of sixteen appendicities which he has carved from patients in this city and vicinity. Nearly every patient has recovered and there have been very few fatalities. If the fad continues to increase it will soon overshadow all other maladies in numerical strength, as it does now in popularity.

### SINCERITY QUESTIONED

Interesting Complication in Connection With Miners' Schedule.

Terre Haute, Ind., Feb. 9.—Indiana coal operators and miners here say that if Robbins of Pittsburgh really intends to go to the extent of suspending operations if the men do not accept a reduction, that Indiana and Illinois will leave him and sign at the old scale. They do not believe, however, that Robbins is expecting a reduction, but that by the time the contract must be signed his purpose, that of stiffening the price of coal, will have been accomplished. Vice President Boyle of the Indiana miners points to the easy manner in which all his contentions in the recent conference can be refuted as indicating that he is not making a sincere fight for a reduction. The miners have obtained the annual report he made to his company, which controls all the Pittsburgh district, in which he told his stockholders that a 7 per cent dividend was declared and that enough money had been made during the year to make possible the payment of the same dividend for several years, though the mines be idle. When Robbins said that the 17,000 coke ovens were shut down, an emissary was sent out of Indianapolis to the coke field and he learned that 15,000 of the 17,000 ovens were in blast and since then 1,000 more have resumed operations.

### Trouble Ahead, He Says.

Indianapolis, Feb. 9.—R. M. C. Hosford, the postoffice inspector who was arrested at Crawfordsville last week on the charge of striking a woman, is in the city conferring with Deputy United States District Attorney Lafollette and other federal officers in regard to his troubles. Hosford would not talk of the case in which he became involved at Crawfordsville, but other officers here intimated that the matter is not ended yet, and that there is more serious trouble ahead for the people who caused Hosford's arrest after the case against Hosford had been settled.

### Result of Domestic Tiff.

Knightstown, Ind., Feb. 9.—Sherman Harold of this place remarked to his wife that he intended committing suicide, and, stepping into an adjoining room, he fired a bullet into his brain which may prove fatal. He had been despondent for days, and during the dinner hour manifested great irritation following a controversy with his wife on religious and fraternal lodge matters. He is thirty-six years old and the father of two children.

### Caught by Flood.

Petersburg, Ind., Feb. 9.—Two young girls in a family named Young were drowned in a flood near Union, eight miles west of here. The family, consisting of father, mother and four children, lived in a log hut on the bank of Indian creek. As the waters surrounded the house the family fled. The father, mother and a daughter waded the strong current and the children were washed into deep water, two of them being drowned.

### Children and a Gun.

Bedford, Ind., Feb. 9.—While Lloyd Cissne and the thirteen-year-old son of Andrew Lantz, with other companions, were playing with a revolver, the weapon was discharged, the bullet striking the right arm of the Lantz boy and passing into his body near the heart. The wound is not mortal.

### Wall Expected to Fall.

Evansville, Ind., Feb. 9.—The local waterworks' situation shows little change. The danger to the building is believed to be passed, although one wall is expected to fall.

### Went by the Rope Route.

New Albany, Ind., Feb. 9.—Jefferson Stewart, a farmer of Sugar Grove, mentally unbalanced, committed suicide by hanging. He was forty-five years old.

## POLITICAL GOSSIP

Friendly Rivalry Said to Exist Between New and Henry.

Indianapolis, Feb. 9.—Colonel Harry S. New is going to Washington and there is a rumor from the Democratic side of the house that he is going to ask President Roosevelt to help him in his candidacy for re-election as national committee man. The race for committee man is becoming exciting to politicians although it has been very quiet. Charles L. Henry, New's opponent, is said to have the support of Chairman Goodrich, Senator Fairbanks and other men of influence who think he is entitled to the position because he is the owner and editor of the party organ. New was owner and editor of the organ when he was elected. He has made a good committee man and his friends think he should be as much entitled to another term as Chairman Goodrich, who was not opposed when it came down to the meeting of the committee. The report that New intends to ask President Roosevelt to help him may be all rot, but it would not be so improbable, as New is one of the President's warmest personal friends.

Senator Albert J. Beveridge is expected here tonight to remain a week. He will deliver an address at the Pphthian jubilee here Thursday and will be toastmaster at the Lincoln day banquet at the Columbia Club, Friday night. It is barely possible that he will attend the Lincoln League convention at Evansville, Saturday. Congressman Charles B. Landis, Congressman Overstreet and other members of the Indiana delegation are coming for the Columbia Club banquet which promises to be a big event among Republicans. Among the principal speakers will be Congressman Hepburn and Charles Emory Smith. Senator Fairbanks expected to attend but he could not come as he is to deliver an address before a large club in New York the same night. This week will be more than usually important among the politicians. The Pythian jubilee will attract several hundred. In fact it is to be the largest Pythian meeting of the year and it is probable that a class of 500 men will take the degrees. Naturally such an opportunity is not to be lost by the candidates for state offices and they will be on hand. Both of the Lincoln banquets promise to attract attention, so the busy politicians will find a very entertaining field for their work.

D. J. Terhune, of Linton, who has large holdings in the Indiana coal field, was here today. He does not believe there will be a strike in Indiana in spite of the fact that the joint conference here last week failed to reach an agreement as to a wage scale. He believes that a majority of the Indiana operators are satisfied with the present scale and that they would have signed it but for the opposition of the operators from Pennsylvania and Ohio. There will be an important conference here next Monday between a joint committee of operators and miners appointed at the adjournment of the convention to try and reach a compromise of some kind and it is still hoped that a strike may be averted.

Congressman Holliday, of the Fifth district, is promised a hard fight for renomination. However he has won in the face of two hard fights and is probably confident that he can turn the trick again. He will not be confronted by J. S. Barcus, of Terre Haute, but Otis Guley, a young attorney at Danville is an avowed candidate and it is said that Howard Maxwell, of Clinton, will also ask for the nomination. As Holliday is the only soldier on the delegation he is likely to get some assistance from outside of the district as the Republicans who run the state organization are not liable to stand by and permit their only veteran candidate to be turned down.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick, steady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney poisoned blood through veins and arteries.

It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Write to *Home of Swamp-Root*, free pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.
